

Deepdene Primary School

CHILD SAFETY AND WELLBEING POLICY

Help for non-English speakers

If you need help to understand the information in this policy please contact Kim Shipley (Principal) or Chris Vlahos (Assistant Principal).

NAME

Child Safety and Wellbeing Policy

PURPOSE

Deepdene Primary School's Child Safety and Wellbeing Policy demonstrates our school's commitment to creating and maintaining a child safe and child-friendly organisation, where children and young people are safe and feel safe.

This policy provides an overview of our school's approach to implementing [Ministerial Order 1359](#) (PDF, 363KB) which sets out how the Victorian Child Safe Standards apply in school environments.

It informs our school community of everyone's obligations to act safely and appropriately towards children and guides our processes and practices for the safety and wellbeing of students across all areas of our work.

SCOPE

This policy:

- applies to all school staff, volunteers and contractors whether or not they work in direct contact with students. It also applies to school council members where indicated.
- applies in all physical and online school environments used by students during or outside of school hours, including other locations provided by for a student's use (for example, a school camp) and those provided through third-party providers
- should be read together with our other child safety and wellbeing policies, procedures, and codes – refer to the related school policies section below.

DEFINITIONS

The following terms in this policy have [specific definitions](#):

- child
- child safety
- child abuse
- child-connected work

- child-related work
- school environment
- school boarding environment
- school staff
- school boarding premises staff
- school governing authority
- school boarding premises governing authority
- student
- volunteer.

STATEMENT OF COMMITMENT TO CHILD SAFETY

Deepdene Primary is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly. Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

ROLES AND RESPONSIBILITIES

School leadership team

Our school leadership team (comprising the Principal, Assistant Principal and Area Leaders) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

Principals and assistant principals will:

- ensure effective child safety and wellbeing governance, policies, procedures, codes and practices are in place and followed
- model a child safe culture that facilitates the active participation of students, families and staff in promoting and improving child safety, cultural safety and wellbeing

- enable inclusive practices where the diverse needs of all students are considered
- reinforce high standards of respectful behaviour between students and adults, and between students
- promote regular open discussion on child safety issues within the school community including at leadership team meetings, staff meetings and school council meetings
- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

School staff and volunteers

All staff and volunteers will:

- participate in child safety and wellbeing induction and training provided by the school or the Department of Education and Training, and always follow the school's child safety and wellbeing policies and procedures
- act in accordance with our [Child Safety Code of Conduct](#)
- identify and raise concerns about child safety issues in accordance with our [Child Safety Responding and Reporting Obligations Policy and Procedures](#), including following the [Four Critical Actions for Schools](#)
- ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
- implement inclusive practices that respond to the diverse needs of students.

School council

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

- champion and promote a child safe culture with the broader school community
- ensure that child safety is a regular agenda item at school council meetings
- undertake annual training on child safety
- approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to school council employees and members
- when hiring school council employees, ensure that selection, supervision, and management practices are child safe. At our school, school council employment duties are delegated to the principal who is bound by this policy.

Specific staff child safety responsibilities

Deepdene Primary School has nominated a child safety champion to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety champion are outlined at [Guidance for child safety champions](#).

Our Principal and child safety champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach the Principal if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety and Wellbeing Team and a Student Reference Group on child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Reference Group provides an opportunity for students to provide input into school strategies.

Our Risk Management Committee monitors the Child Safety Risk Register.

CHILD SAFETY CODE OF CONDUCT

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The [Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Deepdene Primary School's approach to promoting child safety and managing risk in physical and online environments includes the following:

- Child safety and wellbeing policies, procedures and practices are in place to enable staff and volunteers to identify and mitigate risks in the physical school environment without compromising a child or student's right to privacy, access to information, social connections and learning opportunities, including our Child Safety and Wellbeing Policy and Child Safety Code of Conduct
- The school actively promotes the out of bounds areas of the school playgrounds to all staff, parents and students. Maps are displayed in all classrooms and information is provided in the school handbook and staff induction manual. The out of bounds areas include: the staff car park, the areas behind the multi-purpose room and ICT lab, along the fence line of Burke Road and behind the Centenary Hall.
- Garden sheds and store cupboards are locked unless in use, with controlled access to keys
- School grounds are well lit for after school activities
- Students are required to go to the bathroom with another student during class time
- Toilets and changing rooms are located in a central area of the school and the entrance and exit has good visibility from other areas of the school
- The Digital Learning Policy outlines the controls in place for online conduct and online safety and is implemented
- Acceptable Use Agreements for digital technology are in place and enforced
- Child safety and wellbeing policies, procedures and practices are in place to enable staff and volunteers to identify and mitigate risks in the online school environment without compromising a

child or student's right to privacy, access to information, social connections and learning opportunities, including our Child Safety and Wellbeing Policy and Child Safety Code of Conduct

- Staff undertake a privacy impact assessment for apps and other platforms in use by the school which includes the risk of access to children or personal information by people external to the school.
- Students are educated and informed about online safety risks including: cyberbullying and trolling; invasion of privacy or digital surveillance; inappropriate sharing of images; phishing, harvesting of personal information or data theft; identity theft; malevolent software (malware); offensive images and messages; age-inappropriate online content; impersonation/catfishing; grooming.
- For off-site school activities and school activities engaging a third-party provider, we identify and assess the risks of child abuse that are specific to that activity and ensure appropriate controls are in place. This includes activities such as after school hours care (OSHClub).

ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At Deepdene Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Our Student Wellbeing and Engagement Policy, Bullying Prevention Policy and Inclusion and Diversity Policy outlines the controls in place to establish a culturally safe environment and is implemented.
- Controls to address racism, discrimination and bullying are outlined in the Bullying Prevention Policy and the Student Wellbeing and Engagement Policy.
- Specific Controls implemented include:
 - Begin events and meetings with an Acknowledgement of Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion.
 - Fly the Aboriginal and Torres Strait Islander flags on school grounds.
 - Celebrate the local Aboriginal community in communications with students, staff, volunteers and families. Share information through school newsfeeds, school assemblies, parent information nights.
 - Build schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes through the integrated curriculum and class discussions.
 - A zero tolerance of racism is included in our statement of commitment to child safety included in our Child Safety and Wellbeing Policy and Bullying Prevention Policy

STUDENT EMPOWERMENT

To support child safety and wellbeing at Deepdene Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our buddy program and our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if

they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office via the Principal and Assistant Principal.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Deepdene Primary School promotes the following ways to empower students:

- Empower students to contribute to school life through displays promoting student voice and agency; orientation activities focused on activating student's voice; discussions regarding students' rights and safety issues at year level meetings; inviting students to provide feedback on school-wide decisions; involving students in consultation processes and informing them of their impact on decision-making. (Principal)
- Empower students to raise their concerns by providing students with information about the complaints processes and the variety of ways available to express concerns; highlight student views in the school community; and create opportunities for all student voices by being aware of discriminatory barriers. (Principal)
- Strengthen peer support for safety and wellbeing by displaying information identifying safe spaces where students can go if they need support; carrying out regular whole school wellbeing surveys; using recommended programs for transition to school and transition to secondary school; and providing mentoring programs for new students transitioning to the school mid-year.

FAMILY ENGAGEMENT

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Deepdene Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Families and the school community are invited to have a say in the development and review of child safety and wellbeing policies, procedures and practices through parent surveys, informal communication with teachers and school leaders and discussions at School Council.
- all of our child safety policies and procedures will be available for students and parents at [Deepdene PS website](#) and at the school office.
- Compass News Feed items will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed across the school
- The school engages families and communities in building a child safe organisation by:
 - Providing parents and carers with information about children's rights via Compass news feeds and parent information sessions.
 - Regularly engaging with parents, carers and students and discussing the needs of students through parents/teacher interviews.

- Asking parents and carers about their children through ‘getting-to-know-you’ interviews, parent/teacher interviews and informal discussions with teachers at pick up time.
- Discussions on how the school approaches child safety topics at Parents’ Association meetings and volunteer induction sessions.
- The school provides regular opportunities to communicate by:
 - Providing frequent opportunities for parents and carers to engage with staff to discuss their children’s experiences at school.
 - Asking families and carers about their preferred methods of communication, including email, social media, meetings and workshops and use their responses to inform your communications approach.
 - Reminding the school community about the shared roles of parents, carers and school staff in creating a positive environment for learning by promoting the Respectful Behaviours in the School Community Policy.
 - Providing families with information on respectful relationships and online safety to help them to talk to their children about safety and wellbeing at home.
 - Communicating with and appropriately involving families at all stages of the process if a concern raised or complaint is made.

DIVERSITY AND EQUITY

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our [Student Wellbeing and Engagement Policy](#) provides more information about the measures we have in place to support diversity and equity. Diversity and equity needs are also included in the following documents: [Bullying Prevention Policy and Inclusion and Diversity Policy](#).

The school recognises the diverse backgrounds, needs and circumstances of students and pays attention to cultural safety for Aboriginal and Torres Strait Islander students, the needs of students with disability and responses to disability, the needs of students from diverse religious and cultural communities, the needs of very young students and children, the impact of prior trauma, gender differences, and challenges for students who are in foster care, out of home care, living away from home or international students.

The school identifies and addresses challenges that students experience due to their diverse attributes by: communicating that discrimination and bullying are not tolerated – if incidents of bullying or discrimination occur, the incident is addressed in line with school policy; checking in with vulnerable students and their families to confirm their needs are being met. This occurs regularly at pick-up or drop-off, at parent teacher interviews or through informal discussions; engaging genuinely with students to find out what matters to them, what they know and don’t know about safety, and what they need to be safe and feel safe.

SUITABLE STAFF AND VOLUNTEERS

At Deepdene Primary School, we apply robust child safe recruitment, induction, training, and supervision practices to ensure that all staff, contractors, and volunteers are suitable to work with children.

Staff recruitment

When recruiting staff, we follow the Department of Education and Training's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)
- [School Council Employment](#)
- [Contractor OHS Management](#).

When engaging staff to perform child-related work, we:

- sight, verify and record the person's Working with Children clearance or equivalent background check such as a Victorian teaching registration
- collect and record:
 - proof of the person's identity and any professional or other qualifications
 - the person's history of working with children
 - references that address suitability for the job and working with children.
 - references that address suitability for the job and working with children.

Staff induction

All newly appointed staff will be expected to participate in our child safety and wellbeing induction program. The program will include a focus on:

- the Child Safety and Wellbeing Policy (this document)
- the Child Safety Code of Conduct
- the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures and
- any other child safety and wellbeing information that school leadership considers appropriate to the nature of the role.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done through regular performance reviews.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

Mandatory online training is conducted by all staff and records of this training are kept in a training register.

Child safety briefings for all staff are provided regularly through leadership meetings, staff briefings and year level meetings.

Suitability of volunteers

All volunteers are required to comply with our [Volunteers Policy](#), which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

CHILD SAFETY KNOWLEDGE, SKILLS AND AWARENESS

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- our school's child safety and wellbeing policies, procedures, codes, and practices
- completing the [Protecting Children – Mandatory Reporting and Other Legal Obligations](#) online module annually
- recognising indicators of child harm including harm caused by other children and students
- responding effectively to issues of child safety and wellbeing and supporting colleagues who disclose harm
- how to build culturally safe environments for children and students
- information sharing and recordkeeping obligations
- how to identify and mitigate child safety and wellbeing risks in the school environment.

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

Volunteers that are engaged in regular after school sports training that may have more access to students in an unsupervised space, volunteers who will be engaging closely with students in a school production where staff supervision may not always be present, volunteers who are not parents/carers of students are provided with child safety training that is appropriate to the activity and the volunteer's role.

Staff undertake professional development to ensure that processes for complaints and concerns are child focused. Ongoing training through individual discussions or as general items at staff briefings regularly takes place to recognise the importance of empowering students and the different ways in which they express concerns or distress, such as changing their behaviours or demeanour.

School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Deepdene Primary School child safety and wellbeing policies, procedures, codes and practices

COMPLAINTS AND REPORTING PROCESSES

Deepdene Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found [here](#).

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow our [Child Safety Responding and Reporting Obligations Policy and Procedures](#). Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our [Student Wellbeing and Engagement Policy](#) and [Bullying Prevention Policy](#) cover complaints and concerns relating to student physical violence or other harmful behaviours.

COMMUNICATIONS

Deepdene Primary School is committed to communicating our child safety strategies to the school community through:

- ensuring that key child safety and wellbeing policies are available on our website including the Child Safety and Wellbeing Policy (this document), Child Safety Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedure
- displaying PROTECT posters around the school
- updates in our school news feed items via the Compass parent portal.
- ensuring that child safety is a regular agenda item at school leadership meetings, staff meetings and school council meetings.

PRIVACY AND INFORMATION SHARING

Deepdene Primary School collects, uses, and discloses information about children and their families in accordance with Victorian privacy laws, and other relevant laws. For information on how our school collects, uses and discloses information refer to [Schools' Privacy Policy](#).

RECORDS MANAGEMENT

We acknowledge that good records management practices are a critical element of child safety and wellbeing and manage our records in accordance with the Department of Education and Training's policy: [Records Management – School Records](#)

REVIEW OF CHILD SAFETY PRACTICES

At Deepdene Primary School, we have established processes for the review and ongoing improvement of our child safe policies, procedures, and practices.

We will:

- review and improve our policy every 2 years or after any significant child safety incident
- analyse any complaints, concerns, and safety incidents to improve policy and practice
- act with transparency and share pertinent learnings and review outcomes with school staff and our school community.
- establish a working group led by the child safety champion, to review and update policies and procedures.
- monitor and manage child safety risks using a risk register.

RELATED POLICIES AND PROCEDURES

This Child Safety and Wellbeing Policy is to be read in conjunction with other related school policies, procedures, and codes. These include our:

- Bullying Prevention Policy
- Child Safety Responding and Reporting Obligations Policy and Procedures
- Child Safety Code of Conduct
- Complaints Policy
- Digital Learning Policy
- Inclusion and Diversity Policy
- Student Wellbeing and Engagement Policy
- Visitors Policy
- Volunteers Policy
